- o **Current TNC employees should apply through PeopleSoft Self Service and are not required to register.**
 - o Applicants can do a basic search of jobs without registering, but must register to apply for jobs or set up a job search agent (see next page).
 - o Applicants are asked to create a profile including information such as home address, e-mail, preferred method of contact, etc.
1. Click **Apply Now** when you find a job that interests you.
 2. Select the preferred method to **upload resume and cover letter**. If applying for more than one job, reference the job title when naming in the system.
 3. **Education History, Work Experience and Application Questionnaire must be completed**. If your school or exact major is not listed, type it in the **Other** field.
 4. Click **Save** to save application to work on later, **Submit** to save and submit for consideration. **Applications that have been submitted can not be revised.**

My Career Tools allows you to manage your profile and view both saved and submitted applications. You can also upload a cover letter or other attachments here.

Click on options in **My Career Tools** to manage your account

My Applications
 Display applications from: Within Last Week

| Application | Status | Application Date |
|--------------------------------------------------|-------------|-------------------|
| <input type="checkbox"/> Major Gifts Manager | Applied | 09/11/2008 4:32PM |
| <input type="checkbox"/> Gift Programs Associate | Not Applied | 09/12/2008 2:08PM |

| Attachment | Attached File | Created |
|------------------------------------------------------|----------------|-------------------|
| <input type="checkbox"/> TNC_Donor_Relations_Mar.doc | CP3Resume2.doc | 09/11/2008 4:33PM |

Upload Letters and Attachments
 You have not added any attachments
[Add Attachment](#) [Delete Attachment](#)

Not Applied: application has been **SAVED** but not submitted
Applied: application has been **SUBMITTED**

You can attach a cover letter, writing samples, etc. here.

- o Once application is submitted, “You have successfully submitted your job application.” appears and an e-mail verification is sent to the address entered in your profile **if you selected e-mail as your preferred method of contact**. This is the only system generated email you will receive. You will not get a separate e-mail when uploading documents to My Career Tools; these documents are attached to your profile.

Searching for Jobs

The latest job postings only display positions posted within the last two weeks. To locate a position not visible on the home screen, use the keyword or advanced search function (change to “Posted Anytime” to broaden your search). You can also create a Job Search Agent that will automatically notify you by e-mail when new jobs meeting search criteria are posted.

To create a job search agent, follow these steps:

1. Click **Job Search** link at top of page.
2. Ensure that you are in the Advanced Job Search screen, if not, click **Advanced Search**.
3. Enter **Keywords** for your search (e.g.; words that may be in job title - Manager, Science, etc.).
4. Select specifics for search (e.g.; location, job families, type, etc). Remember to change “Find Jobs Posted Within” dropdown to **Anytime** to see all jobs.

The screenshot shows the 'Job Search' page with the 'Advanced Job Search' section. The 'Find Jobs Posted Within' dropdown menu is highlighted with a red circle and set to 'Anytime'. Other visible elements include the 'Enter Keywords' field, 'Select Locations' dropdown (with options: All Locations, AUSTRALIA, Alabama, Alaska, All International), 'Select Job Families' dropdown (with options: All Job Families, Advancement Services, Conservation, Executive, External Affairs/Govt Relation), 'Full/Part Time' dropdown, 'Regular/Temporary' dropdown, and 'Job Opening ID' field. The page also features navigation links like 'Careers Home', 'Job Search', 'My Saved Jobs', 'My Saved Searches', 'My Career Tools', and 'Logout' at the top. A 'Return to Previous Page' link is at the bottom.

5. Click **Save Search**.
6. **Name Your Search:** Check **Use as Job Search Agent** box.
7. **Send Job Agent notification to:** Enter e-mail address. Jobs meeting search criteria will be sent to you as soon as they are posted.
8. Click **Save Search**.

System Requirements and Troubleshooting

Hardware and Software Requirements:

The hardware minimum is a 133 MHz processor with 32 MB of RAM. Supported operating systems and their browsers include:

- **Windows XP** Firefox 1.0, Mozilla 1.7, Internet Explorer 6 & 7, Netscape 7.2
- **Mac OS X** Firefox 1.0 & 2.0, Mozilla 1.7, Netscape 7.2, Safari 1.2 & 2.0.4
- **Mac OS 9** Netscape 7.2

If you are not using one of the supported platforms or browsers, you will need to upgrade your browser before applying for position on our website.

Cookies must be enabled on your browser for the site to operate properly. To configure privacy settings to allow cookies, from the Internet Explorer browser toolbar:

1. Select Tools.
2. Select Internet Options.
3. In the Internet Options window, select the Privacy tab.
4. Select the Advanced button.
5. In the Advanced Settings window, select Override automatic cookie handling, the Accept radio buttons under First-party Cookies and Third-party Cookies, and Always allows session cookies. Then click the OK button.
6. **If you are using a different browser, look for similar instructions from the browser's vendor.**

If the site isn't loading properly or you can't log in:

You may need to clear out your browser CACHE. For Internet Explorer (IE), delete your Temporary Internet Files by going to "Tools" then "Internet Options". For Netscape, clear out the CACHE by going to "Edit" then "Preferences" and then "Advanced". After clearing your CACHE, you will need to close the browser and start over.

If you are unable to view pop-ups:

If you are unable to open a resume or other attachment in PeopleSoft, it may be due to your pop-up blocker settings. To temporarily allow pop-ups, hold down the control button, then click the mouse. **Continue to hold down control** until the resume appears, even after letting go of the mouse button (this can take up to ten seconds, depending on your computer speed).

Toolbars such as Yahoo and Google may interfere with the operation of the website. If you are experiencing other problems, you may want to try disabling and see if that resolves the issue.

If you require accommodation due to a disability, please e-mail your request to applyhelp@tnc.org and include "accommodation" in the subject line.

If you continue to experience problems not addressed, please contact your internet service provider.
