

The Nature Conservancy - O`ahu Program Office Directions (next to Del Monte Kunia Gym)

“ If it looks like you are heading for the “boonies”, you are in the right place... “

From Wai‘anae:

From the H-1, take the Ewa/Kunia/Waipahu Exit (5) and head North on Kunia Road (Route 750). Follow the directions below “From the off ramp.”

From Honolulu:

Take H-1 West bound. From the H-1, take the Kunia Exit (5B) and head North on Kunia Road (Route 750), following directions below “From the off ramp.” Allow approximately 1 hour.

From Wahiawā:

Head South on Kunia Road (Route 750). Once on Kunia Rd., it is about 2 miles to our office. You will travel through a big dip in the road, passing Matson containers on your right. Look for a flashing yellow light above the road and “Kunia Store” sign. Turn right onto Kunia drive. Continue to follow directions in second paragraph below “From the off ramp.”

From the off ramp:

It is about 5 miles to Kunia Camp, where our office is located. Along the way, you will pass Hawaii Country Club on your right. Drive another 1.5 miles past the golf course, passing three “Speed Limit 35” signs. Look for a flashing yellow light above the road and “Kunia Store” and green “Del Monte” signs on your left. Turn left at the flashing light (sign). This is Kunia Drive.

Continue to drive towards the mountain, going over a series of speed bumps (about 4); the asphalt road bends to the right along the housing area (continue going over more speed bumps). Pass First, Second, and Huli Streets. After a dip in the road, look on your right for a large field with a small white “The Nature Conservancy of Hawai‘i” sign next to a yellow pole in front of a short hibiscus hedge. If the driveway to the parking area is chained, park along the hedge and walk across the open area to our office, otherwise, drive through the hedge and park on the right side of the field. Our office is located to the right of the large building (gym) and the church.
