

Volunteer Role Open: Prairie Border Monitor

©TNC

Time Commitment: About 2 hours monthly

Day of Week: Any, you choose day of visit

Location: Prairie Border Nature Preserve,
11713 N 400 E Wheatfield, IN 46392

The Nature Conservancy in Indiana is looking for a dedicated volunteer to be the eyes and ears of our **Prairie Border Nature Preserve** in Wheatfield, IN.

This 776-acre preserve is part of what was once the **Grand Kankakee Marsh**, which is an important site for a wide range of native plants and animals, including grassland bird species and oak savanna communities. **Wetlands** scattered throughout create a mosaic of plant community types for visual interest and biodiversity in each season.

As a preserve monitor, you will assist our stewardship staff between their regular visits. Your work and observations will help Prairie Border Nature Preserve be welcoming and well-maintained for other visitors to enjoy!

Duties may include:

- Walking the trail at least once a month to observe the condition of the trail, parking area, gates, signs, and boundaries.
- Picking up and disposing of trash and litter found on the trail.
- Taking photos of issues that may need to be addressed by staff.
- Cutting back branches or plants that have grown over the trail using pruners or loppers (no chainsaws).
- Moving small branches and debris off trails.
- Monitoring preserve for illegal ATV use or evidence such as tire tracks.
- Reporting findings to Conservancy staff after each visit. Staff will develop a plan to address any issues.
- Tracking your time and tasks so your efforts can be included in our annual volunteer reports.
- May also assist Conservancy staff with other trail maintenance and stewardship tasks as needed.

If you are interested in contributing your time and skills, please contact Esmé Barniskis at esme.barniskis@tnc.org.
