

## Silver Creek Preserve Rules & Information 2021 Season

- **All visitors must sign in** electronically or in person prior to entering the Preserve
  - The Preserve is open to visitors – **Sunrise to Sunset** all year
  - To protect the ecosystem - **Stay on Marked Trails** and **Enter Silver Creek only at Designated Locations** for fishing (wading & float tube) and boating (See Maps)
  - **No dogs** are allowed on the Preserve
  - **No motorized boats** are allowed on Silver Creek
  - **No overnight camping and No campfires**
  - **Flyfishing, Catch and Release** and **Single Barbless Hook ONLY**
  - **Foot Travel Only** on preserve trails
- 
- Access is free, but a donation of \$10 per day will help to maintain the Preserve
  - The Preserve hosts a variety of uses with different activities like fishing, canoeing, hiking and birding. Please be respectful of other users, in addition to wildlife
  - Seven miles of marked hiking trails are maintained on the Preserve
  - Fishing and Waterfowl Hunting: The Conservancy allows access to Silver Creek for fishing and waterfowl hunting, both activities are regulated by the Idaho Department of Fish and Game and special preserve rules apply. See handouts
  - Restrooms: There are three outhouses for use by visitors
  - Use caution and never approach, feed, or disturb wildlife
  - Collecting plants is strictly prohibited. Exceptions may be granted for research purposes
  - Beware of hazards: Many hazards exist throughout our property. These include moose and elk, poisonous snakes, ticks, stinging insects, holes, roots, stumps, fallen branches, open waterways, and other hazards – please use caution
  - Combat the spread of invasive species by washing and drying floating and wading gear before and after entering the Preserve
  - Trash and Recycling: Visitors are asked to pack out what they bring in. This includes fishing line and food scraps. There is no public trash or recycling on the Preserve
