At Exit 300 on Interstate 80, Take State Highway 11 South- Southeast for approximately 2 miles. Highway 11 will make a sharp curve to the East. As Highway 11 makes this curve, Platte River Drive will be the first gravel road that goes directly South from Highway 11. There will be a driveway that goes to the Derr House (the red brick house on the hill). To get to the shop and greenhouse area, continue on Highway 11 East-Northeast approximately ½ mile and they are at the corner of Highway 11 and Highway 40 D on the South side.
