

Agroforestry Resources

The following is a listing of various online agroforestry-focused resources developed independently by *Expanding Agroforestry Project* partners. This listing will be updated periodically and posted to nature.org/ExpandingAgroforestry.

Alley cropping is an agroforestry practice that integrates rows of trees or shrubs with crops grown in the “alleys” between them. © Alta Films

APPALACHIAN SUSTAINABLE DEVELOPMENT

- **ASD's Resource Webpage**
 - » Collection of various types of resources from multiple organizations and authors.
<https://asdevelop.org/resources/agroforestry-resources>

HAWAII 'ULU COOPERATIVE

- **Ulu Agroforestry in Hawai'i**
 - » A 22-page guide on implementing a breadfruit-focused agroforest in Hawai'i. Published in 2022.
https://ulu.coop/files/Ulu_Agroforestry_Guide.pdf
- **Hawai'i 'Ulu Cooperative's Resources Library**
 - » Collection of various resources produced about growing, managing, harvesting, and marketing 'Ulu in Hawai'i.
<https://ulu.coop/library>
- **'Ulu Production Primer**
 - » Comprehensive overview for producers considering 'Ulu as a primary crop.
<https://ulu.coop/breadfruitprimer>

PROPAGATE

- **Agroforestry 101**
 - » Visit the Agroforestry 101 webpage, taking a deep dive into what is agroforestry, its benefits, and case studies to showcase real-world experience.
<https://www.propagateag.com/agroforestry>

SAVANNA INSTITUTE

- **Perennial Pathways: Planting Tree Crops Guidebook**
 - » A 110-page free downloadable guidebook to designing and installing farmscale edible agroforestry. <https://www.savannainstitute.org/publications/>
- **Savanna Institute's YouTube Channel**
 - » <https://www.youtube.com/@SavannaInstitute>

TREES FOR GRAZIERS

- » Explore this extensive library of articles and resources on all things silvopasture: <https://treesforgraziers.com/learn/>

TUSKEGEE UNIVERSITY

- **Forage Selection, Establishment, and Management in Silvopasture**
 - » A practical guide to selecting, establishing, and managing forage species within silvopasture systems to optimize productivity, sustainability, and grazing outcomes. [Download here.](#)
- **Sustainable Agroforestry Practices in the Southeastern United States**
 - » A comprehensive training handbook that equips extension professionals and technical staff with practical guidance on implementing and managing diverse agroforestry systems—such as silvopasture, forest farming, alley cropping, and riparian buffers—in the southeastern United States. [Download here.](#)

UNIVERSITY OF MISSOURI

- **Specialty Crop Cultivation Guides**
 - » A collection of peer-reviewed technical guides covering all five agroforestry practices, developed by Center for Agroforestry researchers and extension specialists. <https://centerforagroforestry.org/agroforestry-in-action-technical-guides/>
- **Training Manual for Applied Agroforestry Practices**
 - » Downloaded textbook on each of the temperate agroforestry practices, planning and management guidelines, and resources for economic budgeting, tree and shrub species, grasses and forages, and marketing agroforestry products. <https://centerforagroforestry.org/resource/training-manual-for-applied-agroforestry-practices/>
- **Handbook for Agroforestry Planning & Design**
 - » Guide to assist in understanding how practices and their placement on the landscape can accomplish specific on-farm goals, as well as to provide helpful tips in identifying market opportunities for products grown in integrated agroforestry systems. <https://centerforagroforestry.org/resource/handbook-for-agroforestry-planning-design/>
- **Resources Hub**
 - » A comprehensive online hub aggregating Mizzou agroforestry research publications, technical guides, videos, and practitioner tools. <http://centerforagroforestry.org/resources/>
- **Center for Agroforestry's YouTube Channel**
 - » Watch an array of agroforestry related videos: <https://www.youtube.com/@MizzouAgroforestry>

VIRGINIA TECH

- **Virginia Tech Agroforestry Website**
 - » Dive into Virginia Tech's agroforestry work: <https://agroforestry.frec.vt.edu/>
- **Agroforestry Regional Knowledge Exchange**
 - » Learn about ARKx, a peer and partner network that connects agroforestry producers, organizations and resources across the regional and national landscape. <https://www.catalyzingagroforestry.org/arkx>
- **Virginia Cooperative Extension Silvopasture Resources**
 - » Explore a collection of resources about silvopasture: <https://ext.vt.edu/agriculture/silvopasture.html>
- **Videos on Silvopasture**
 - » Watch an assortment of videos about silvopasture: <https://www.youtube.com/@VAExtension>
