

2025 Waterfowl Hunting Rules & Liability Waiver for The Nature Conservancy's Emiquon Preserve

The Emiquon Preserve is private property owned and managed by the Illinois Chapter of The Nature Conservancy for ecological purposes. Waterfowl hunting is being offered as a public service. For this hunting program at the Preserve, any and all decisions of Conservancy staff or designees are final, and anyone failing to abide by written rules or instructions from Conservancy staff or designees may have hunting privileges at this Preserve revoked. The Conservancy retains the right to modify these rules and to terminate this program at any time without prior notice.

1. Hunting spots are awarded via advanced drawing or Standby as described in #3 below.
2. Each hunter **(up to 4 per stake) must individually sign in** on the Daily Hunter Harvest Register and Waiver **no later than 6AM on the morning of the hunt**. The Register/Waiver is located below. After hunting, each person **must individually sign out** by recording their harvest in the Daily Hunter Harvest Register and Waiver. Failure to sign in and out could make you ineligible for future hunts.
3. Your signature on the Hunter Harvest Register and Waiver below is an acknowledgement that you have read, agree with, and will comply with the rules and waiver release contained on this sign.
4. After 6AM, any site with no one signed in is open to the first Standby hunter who signs in.
5. Hunting is allowed only in areas designated by Conservancy staff. Hunters must stay within their preassigned hunting areas and within 500 ft (167 yds) of their stake and must remain a minimum of 600 ft (200 yds) from any other group.
6. Parking is allowed only at designated areas on the Preserve. Participants may drive only on established/marked roadways. **You may not drive on paths mowed to hunting stakes.**
7. Currently the Conservancy does not charge a fee for public waterfowl hunting but becoming a member is encouraged.
8. This Preserve has drainage ditches that may be hidden from view under the water. Always keep in mind the location of ditches. Observe extreme caution when wading in any waters.
9. Only artificial blind materials such as lay outs or camouflage netting are allowed. No person may bring natural blind materials onto the Preserve. There shall be no cutting, breaking or clearing of vegetation.
10. The use of Other Power Driven Mobility Devices (OPDMDs)(utility vehicles, ATVs, Segways, golf carts, etc.) on this property has been assessed in accordance with the Americans With Disabilities Act (ADA) regulations. OPDMDs are prohibited except on disabled individual hunting dates.
11. Hunters must observe all State and Federal waterfowl regulations. Conservancy staff or designees may be present and **violations will be reported to the Conservation Police.**
12. The following are prohibited: Gas-powered motors (not even on the boat); unnecessary shooting or shooting at targets; possession of alcohol; dumping of ashes, trash, garbage, chemical waste or other materials; camping; and open fires.
13. Collecting and/or removing the following are prohibited: rocks, plants, fossils, plant materials, animals (other than legally taken waterfowl), and artifacts.
14. Law violations or failing to abide by written rules or instructions from Conservancy staff or designees constitutes trespassing and may cause hunting privileges to be revoked and/or prosecution for trespass.
15. Respect the privilege of hunting on this private property and the rights and safety of fellow hunters. **Remove all spent shotgun casings and litter from your hunting site.**
16. All gear must be removed from the Preserve each day.
17. **Hunting ends promptly at 12PM noon and hunters must vacate the Preserve by 1PM.**
18. These rules and regulations are subject to change without notice.
