The Honorable Carlos Curbelo
The United States House of Representatives
1404 Longworth House Office Building
Washington, DC 20515

Dear Representative Curbelo:

We write to you today as representatives of the Shellfish Growers Climate Coalition. We are a diverse group of shellfish growers whose businesses depend upon healthy ocean waters on the Atlantic, Pacific, and Gulf coasts. Thank you for introducing H.R. 6463, the MARKET CHOICE Act.

The Shellfish Growers Climate Coalitions believes reducing carbon emissions is an urgent national priority, and we strongly support the type of market-based approach that you have proposed.

We appreciate your leadership and look forward to constructive conversation with you and other Members of Congress on policy solutions to address climate change.

CC: The Honorable Brian Fitzpatrick
