El Quartelejo Museum Scott City

Explore the Western Vistas Historic Byway, an 180-mile route through central Kansas, including the towns of Scott City and Oakley, along the old Smoky Hill Trail, where the Kansas Pacific Railroad went through the 1860s. While the railroad still operates, the Byway offers a look back at another time.

Fort Wallace Museum

Fort Wallase was established in 1865 to protect travel on the Smoky Hill Trail and the construction of the Kansas Pacific Railway across Western Kansas. The area was a hotbed of conflict during the early Indian Wars, as the Cheyenne, Kiowa and Arapaho people struggled to defend their way of life on the Plains. Today, you can explore this history at the Fort Wallace Museum and its new Milford Becker Addition, where you can climb aboard a real stagecoach and gaze in wonder at a 40-foot swimming plesiosaur fossil discovered by the Fort surgeon in 1867.

Visit the break-taking Monument Rocks, also known as the Chalk Pyramids. The natural limestone formations are 16 miles north of Scott City. The turn-out at the Keystone Gallery, on 26 miles north of Scott City, then turn east on 157th St. This is the only National Natural Landmark in Kansas designated by the Department of Interior on October 14, 1963. These limestone formations were created by the world’s oldest and largest desert sea. Monument Rocks has also been chosen as one of the 8 Wonders of Kansas. The quiet beauty and scale of the Monument Rocks is a lifetime memory.

Open during Daylight Hours.

These badlands are Kansas' most dramatic landscape. Their towering caprock formations are at least 100 feet above the nearby Smoky Hill Trail. Little Jerusalem is owned by The Nature Conservancy who joined with the Kansas Department of Wildlife, Parks & Tourism to make portions open to the public. Guided tours can be scheduled by calling 620-872-2061.
